

ALL ABOUT PIPS

Perfectly Imperfect Pups (PIPs) is creating a better world for at-risk-dogs, with a focus on those with high medical needs, by building a community of like-minded people through advocacy, education, fostering and adoption.

WHAT WE DO

PIPs takes in dogs of all ages, breeds and sizes. While we focus on dogs with higher medical needs, we also take in dogs from shelters all over the US. All of our dogs stay in foster homes while we look for their forever home.
